FADE IN:

INT. THE APARTMENT WHERE BILLY BINGO LIVES WITH HIS MOM AND SISTER, BILLY'S BEDROOM - NIGHT

Billy Bingo appears in his bedroom. He looks in the mirror of the antique dresser in his bedroom. He watches as Iapetus leaves his-- Billy's-- body. They separate. Iapetus pats Billy on the shoulder.

Fully clothed, Billy turns down the covers of his bed. He jumps into the bed and snuggles beneath the covers. He closes his eyes.

Maureen Bingo opens the door to Billy's bedroom. She looks at him. She then closes the door.

Billy crawls out of bed. He goes to his closet. He pulls out a bottle of liquor and a six pack of beer. He pulls out the cork. He smiles a goofy smile. He sinks to the floor as he begins drinking.

INT. THE APARTMENT WHERE BILLY BINGO LIVES, THE KITCHEN - NIGHT

Bess Bingo prepares popcorn to put in the microwave. She puts the popcorn in the microwave. She starts timer. She walks to the refrigerator and pulls out a softdrink.

INT. THE APARTMENT WHERE BILLY BINGO LIVES, THE LIVING ROOM - NIGHT

MAUREEN BINGO turns the television on. She flips channels. She sees the report of Barry Whitehead's death. On television they are showing the burned remains of his vehicle. Maureen Bingo picks up her cellphone. Show the cellphone screen. Show her scrolling numbers. She stops scrolling. Focus on the name Johnny Whitehead. She taps the name to call. The phone starts calling. She quickly presses the hangup button. Move camera to her face. Show that she is fighting back tears.

BESS BINGO walks into the living room. She is holding a bowl of popcorn and her softdrink She sees that her mom is crying.

BESS BINGO  
Mom, what is wrong?

MAUREEN BINGO  
Barry Whiehead is dead.

BESS BINGO  
Do we know him?

MAUREEN BINGO

Your Aunt Natalina dated his father  
Donny. You rememer Barry.  
Natalina and I would take you,  
Johnny, and Barry bowling and  
skating. He was such a sweet boy.  
And so smart.

BESS BINGO

I don't rememer him.

MAUREEN BINGO

What do you mean that you don't  
remember him?

BESS BINGO

I mean, I don't remember what you  
are talking about.

BILLY BINGO comes out of his bedroom.

MAUREEN BINGO

I thought you were sleeping.

BILLY BINGO

I woke up.

BESS BINGO

Why do you sleep in your clothes?

BILLY BINGO

I never know when I might have to  
escape the house in the middle of  
the night. Fire. Police raid.  
Whatever.

BESS BINGO

You are so weird.

BILLY BINGO

Right back at you, kid. Mom. Why  
are you crying?

BESS BINGO

Someone died.

MAUREEN BINGO

You don't know him. Natalina broke  
up with his father before you were  
born.

BILLY BINGO

Nat's father?

MAUREEN BINGO

How do you know that?

BESS BINGO

Wait. Barry Whitehead was Nat's half brother?

MAUREEN BINGO

Nat never met his father Donny nor his two half-brothers. Donny has never been told about Nat.

BESS BINGO

Why don't I remember Barry?

MAUREEN BINGO

I don't know. You were at an age where you should remember Barry and his brother Johnny.

BILLY BINGO

Is Donny and his two sons witches?

MAUREEN BINGO

I don't know if they are Wickens or not? I think they are Baptists.

BILLY BINGO

No. I mean real witches. When the real witches do something they don't want you to remember, they erase your memories.

BESS BINGO

Mom. Tell Billy to stop pretending like his fantasy world is real. He knows that freaks me out.

MAUREEN BINGO

Billy, stop freaking your sister out.

BILLY BINGO

Sorry. And I am sorry about Nat's half-brother.

MAUREEN BINGO

You must not tell Nat.

BILLY BINGO

I won't. I don't tell any of you a lot of things.

BESS BINGO

Nat should be told.

MAUREEN BINGO

No. Whether Nat is told or not is Natalina's choice. It is not your choice. Do you understand?

BESS BINGO

Not really but obviously I will respect what you are saying.

Billy nods at his sister in approval and leaves the living room back toward his bedroom. He opens his bedroom door and exits the living room.

BESS BINGO

Billy is so weird. Why couldn't I have a normal brother.

MAUREEN BINGO

I've told you before. We are all weird. That is what makes us normal.

EXT. WHITEHEAD HOUSE, OTHER WORLD REALM, ON BRICK ROAD - VOID

BARRY WHITEHEAD is walking with ANGEL 1 and ANGEL 2. They walk out of a fog and onto a red and white red brick road. A woman riding a horse, rides up next to Barry. Her name is JANET WHITEHEAD.

JANET WHITEHEAD

Barry, I guess neither of us were intended to have long lives this time around. How did you die?

BARRY WHITEHEAD

I was shot in the back of the head.

JANET WHITEHEAD

Murdered. I am sorry. I died when I was ten. It was some mystery illness.

BARRY WHITEHEAD

Who were you?

JANET WHITEHEAD

I was born as Adrian Scott.

BARRY WHITEHEAD

I guess we were not destined to meet in our last life.

JANET WHITEHEAD

No. My short life was in California and away from most of the souls of the Whitehead Realm.

BARRY WHITEHEAD

I am going to see my grandparents.

JANET WHITEHEAD

I am sure they will be both glad and sad to see you. They had hopes you might be Governor of Georgia someday.

BARRY WHITEHEAD

(laughs)

Well, I did have sex with the governor. In the end, that was about as close to occupying that office as I wanted.

JANET WHITEHEAD

(smiles)

From what I hear the world is pretty messed up right now.

BARRY WHITEHEAD

Very messed up. Sabian Blackrock has Kingston Bare in a cage. I have no idea how I am going to be able to rescue him.

JANET WHITEHEAD

Your grandfather is working on it, but you all have to be careful that you all do not end up in a cage.

Janet Whitehead begins riding her horse. The horse jumps up toward the now psychedelic sky and vanishes.

ANGEL 1

You be careful of that one.

BARRY WHITEHEAD

I don't really know her but she seems nice enough. Sad that she died when she was ten.

ANGEL 2

At age 5 she murdered her father's business partner. At age 7 she murdered the family maid. At age 10 her mother caught her trying to poison her and her mother responded by poisoning her.

BARRY WHITEHEAD

Why would she kill people? Did she have a chemical imbalance? You know. Crazy.

ANGEL 1

They were all people who had killed her in battle in a previous life. Her soul was incarnated with revenge on her mind.

BARRY WHITEHEAD

She did not have amnesia of those lives?

ANGEL 1

On some level no. Why it was allowed by the keepers of this realm, I do not know.

Barry Whitehead and the angels come to a building that looks like a barn, a stable, that is where his grandfather's lab is located. It looks like something that might have been built in the 1800's.

INT. BARN, STABLE, GRADY WHITEHEAD'S LAB - VOID

BARRY WHITEHEAD, ANGEL 1, ANGEL 2, walk into the building. Barry looks at four stalls with horses. He walks over to one of the horses and opens the stall door. He steps inside the stall and he hugs the horse MOONSHINE WALTZ.

BARRY WHITEHEAD

My baby, Moonshine Waltz.

MOONSHINE WALTZ

Welcome home, dumb ass.

BARRY WHITEHEAD

(laughs)

You know me so well.

MOONSHINE WALTZ

And love you even more.

BARRY WHITEHEAD

(hugs and leans his head on his horse)

And I love you.

Angel 1 steps into the stall.

ANGEL 1

We need to get to your grandfather before he leaves his lab.

Angel 1 takes Barry's hand and leads him from the stall. Neither close the stall door. Moonshine Waltz closes the stall door with his head. They walk to a large door that is black with 6, thick, white bars, painted on it. Angel 2 comes up from behind them and turns the sparkling glass knob to open the door. The door opens.

INT. BARN, STABLE, GRADY WHITEHEAD'S LAB - VOID

GRADY WHITEHEAD is seated at a bar type worktable that is nearly chest high. It is a green, black, and gold colored marble. He is seated on a metallic framed stool. The cushion is blood red. His glasses are on the end of his nose as he appears to be doing some intricate soldering on an

electronic connector. BARRY WHITEHEAD enters the lab. The two angels vanish. Grady looks up at his grandson.

GRADY WHITEHEAD

I am afraid your angel friends do not much like me.

BARRY WHITEHEAD

They seem nice.

GRADY WHITEHEAD

Of course they are nice. They are fucking angels and of God, not Satan.

Barry nods.

BARRY WHITEHEAD

I thought when I died and I saw them that they had come to take me to heaven but they brought me here. I remember my horse but I don't remember everything about this place.

GRADY WHITEHEAD

Well. This is not heaven. And we are not the most respected House in the realm. We are the weird people who plant gardens in old tires. We hold grudges and we fight feuds. The Hatfields and the McCoys have nothing on us. But boy, you did me proud.

BARRY WHITEHEAD

How in the hell did I do you proud? I got myself killed by the first dude I had homosexual sex with, who was working for the last dude I had homosexual sex with.

GRADY WHITEHEAD

Shit. I died with your granny holding a shotgun and chasing me around the house after she caught me fucking a hooker who had pretended to be a Jehova Witness.

BARRY WHITEHEAD

I was told you died from a heart attack. And Granny cried at your funeral.

GRADY WHITEHEAD

Oh hell. Your granny and I are good. I acted all outraged when I caught her getting titty fucked by

(MORE)

GRADY WHITEHEAD (cont'd)  
the mailman. It is just kind of  
expected. Jealousy. But shit, your  
granny and I now share our sexual  
adventures like two old drunken  
army buddies.

BARRY WHITEHEAD  
You don't think less of me for  
being queer.

GRADY WHITEHEAD  
I can not say I will ever  
understand anyone enjoying a dude's  
ass more than some good pussy but  
think less of you, fuck, here we  
are all hillbilly trash and damn  
proud of it. Shit. You ploud the  
Governor of Georgia's ass. Later  
we may throw you a party and give  
you a trophy for that sexual  
conquest.

BARRY WHITEHEAD  
It was not much of a conquest. And  
if Kingston Bare had not died, that  
shit with the Governor would never  
have happened.

GRADY WHITEHEAD  
I know you and Kingston are like me  
and your granny. You two have  
shared lives going way back. We  
are working to find where Sabian  
Blackrock has the cage that holds  
Kingston hidden. If we can find  
the cage, Dude Righteous can open  
pretty much any of Sabian's cages.

BARRY WHITEHEAD  
I don't understand why Sabian would  
cage Kingston.

GRADY WHITEHEAD  
The Bare family are now in league  
with some powerful forces that  
threaten the Space Alien Witches.  
Victor Duddley went to Pluto Viso  
and sent Belial himself straight  
back to hell to dine with Satan.

BARRY WHITEHEAD  
Wow. Belial no longer runs Pluto  
Viso?

GRADY WHITEHEAD  
No.

BARRY WHITEHEAD

Shit. I don't remember Kingston or any of the Bare family talking about Victor.

GRADY WHITEHEAD

Billy Bingo's Aunt Natalina is dating Daniel Bare. And by the way, Nat is also my grandson. Victor and Billy Bingo protected him.

BARRY WHITEHEAD

It is all confusing to me. Of course I remember Natalina. It broke my heart when dad did not marry her. I am still confused on why Sabian would cage Kingston. Selby James is the one who used that Covid crap to murder Kingston. How and why did Sabian enter the picture?

GRADY WHITEHEAD

I do not know. I just know that the Bare family as a whole have started working with Quentin Darko and others against the Space Alien Witches. I have no idea what Kingston did, or even if he did anything, to give Sabian cause to cage him.

BARRY WHITEHEAD

Where do we stand with the Space Alien Witches?

GRADY WHITEHEAD

We try to stay out of politics. But like I said, Nat is also my grandson. Billy Bingo is his cousin. Billy Bingo is the spawn of Iapetus. And you didn't exactly live a shy life. Neither did Kingston. And things are putting our House on the radar. There are some souls here who do not much like that and they demand we stay neutral with the Witches Council but how can we?

WOLF WHITEHEAD enters the lab.

WOLF WHITEHEAD

Yo bitch, hear you done got yourself murdered.

BARRY WHITEHEAD

Yeah. And when I left here I was bragging how I was going to live to be ninety. That did not happen.

WOLF WHITEHEAD

Hell. When was the last life I lived past thirty.

GRADY WHITEHEAD

Never.

WOLF WHITEHEAD

Never. But every fucking life I have enjoyed. And that is the thing. Being the establishment's bitch is just not our thing and that gets us killed.

GRADY WHITEHEAD

Yeah, and that is why the community will not give you permission to be incarnated. You bring too much attention to us. Ours is not to change the world.

WOLF WHITEHEAD

Change the world. Man. I never tried to change the world. But that bitch Madison Grant had me living homeless under a bridge. Under a damn fucking bridge. Cold. Miserable. So I tried to kill her. What was the big deal?

GRADY WHITEHEAD

You blew up a damn city block. 100 people were killed. It was all I could do to stop the Witches Council from having you caged. And that brought attention to us.

BARRY WHITEHEAD

That was you?

WOLF WHITEHEAD

Yeah. Blew myself up also. I had 100 ghost chasing me. Pissed they had gotten blown up.

GRADY WHITEHEAD

But Madison Grant survived.

WOLF WHITEHEAD

I did not know she was a witch. Hell. I did not know that I was a witch. One of you assholes might have visited me and clued me in.

GRADY WHITEHEAD

We had too many people born from the HOUSE at the same time. There were not enough people left here minding the store. That made all of us vulnerable.

WOLF WHITEHEAD

Anyway. Barry. I hear these days you are into gay sex. My bed is empty at the moment if you want to pay me some visits.

BARRY WHITEHEAD

I am strictly a top.

WOLF WHITEHEAD

That is okay. When I want to be the top, I prefer women anyway. I will be your bottom.

GRADY WHITEHEAD

Wolf. What are you really after?

WOLF WHITEHEAD

After? I just want some companionship. You assholes will not let me be born again.

GRADY WHITEHEAD

You killed 100 people.

WOLF WHITEHEAD

I was just doing my part to fight global warming.

BARRY WHITEHEAD

Yeah. Right. That is what all the homicidal Democrats say. Anyway. I don't remember. Do I have a place? Where do I stay?

GRADY WHITEHEAD

You have an Apartment above where your granny and I live. Some lost soul is occupying it which I have not been able to evict. But it is your place. I will take you there. Wolf, you get the hell out of here.

WOLF WHITEHEAD

Sure. Sure.

Wolf Whitehead vanishes.

INT. BARRY WHITEHEAD'S OTHER REALM APARTMENT, LIVING ROOM -  
VOID

BARRY WHITEHEAD and GRADY WHITEHEAD appear in the apartment. The living room is large. There are fireplaces on all four walls. Fire is burning in the fireplaces. In the middle of the living room is a circular couch that is black. There is a fountain in the center of the circle. Above the round couch is chandelier hanging from a high ceiling. The water splashes all the way up to the chandelier. There are six antique looking chairs that surround the round couch, with the chairs about 3 feet apart. There is a large bar in front of the entrance to the kitchen.

The ghostly image of a woman appears at the bar. She then vanishes. Barry and Grady see her.

BARRY WHITEHEAD

Is she the lost soul?

GRADY WHITEHEAD

Yes. She is scared. She is almost like a wild animal. I have not been able to talk to her.

BARRY WHITEHEAD

I only saw her for a moment but I did not recognize her.

GRADY WHITEHEAD

That is the way she is. I can not figure her out. She may have just took up here or she may know you or Kingston. I don't know.

BARRY WHITEHEAD

Kingston. Yes. She may be afraid of being caged like he was.

GRADY WHITEHEAD

Or she may be here to try to cage you. She is not allowed to do that inside of this apartment but she may follow you. You must stay on your guard.

Barry Whitehead nods.

BARRY WHITEHEAD

I do not know. It is still hard for me to believe that Kingston has been caged.

GRADY WHITEHEAD

We will free him. He will not stay caged.

INT. PRISON CELL ON PLANET MALOKEY - VOID

SABIAN BLACKROCK is standing in the cell with JOESION GRANT. There is no one else in the cell. The cell has a toilet in one corner and a shower in the other corner. It has a bunk bed on the back wall between the toilet and the shower with a short wall on each end of the bunk beds. The front wall is made of black prison bars.

SABIAN BLACKROCK

Why on earth would Alice Malokey  
have me put in the cell with you,  
Joesion Grant.

JOESION GRANT

Maybe she would like for you to  
tell me where you have Napoleon  
caged.

SABIAN BLACKROCK

You and your Napoleon. Your insane  
loyalty to that antichrist.

JOESION GRANT

Napoleon supported religious  
freedom, even for the Jews. I do  
know how you love the Jews.

SABIAN BLACKROCK

Napoleon wanted the Jews to  
assimilate. He wanted them to  
disappear entirely from the fabric  
of society through assimilation,  
intermarriage, and conversion.

JOESION GRANT

And you want to keep them in  
positions of difference to foster  
revolutions. You want to keep part  
of them in the ghettos and part of  
them rich and powerful and giving  
insane advice to world leaders like  
that damn Trump.

SABIAN BLACKROCK

So you have heard of Trump. He is  
a marvelous man.

(laughs hard, throws his  
head back, and pats  
Joesion on the  
shoulder.)

He is leading the gentiles to their  
own demise and they are loving it.  
It is such a beautiful thing to  
see.

JOESION GRANT

You are so fucking evil. You want to do away with free speech. You want to do away with the freedom of religion. You want to turn schools into a laughing stock to destroy the middle class. I hate you. I hate you more than words can ever explain.

SABIAN BLACKROCK

I have sex with your daughter Madison. It is marvelous sex. You know she no longer gives a fuck about you. And she hates her mother.

JOESION GRANT

Yeah. Well. When she went to work for the Witches Council, it did not exactly make me a proud father. But I am sure if she had sex with you, she was using you. She is that much like her mother.

SABIAN BLACKROCK

Oh. I am sure. She used me on the desk. She used me on the rug in front of the fireplace. She used me once even in a bed.

JOESION GRANT

I love my daughter even when she riles and shocks me and even shames me. Your words do not phase me.

Sabian stares at Joesion. He studies him.

SABIAN BLACKROCK

Does your daughter share you dream of freeing Napoleon from the cage where I hold him? I don't think so.

JOESION GRANT

Does it gaul you that the United States was the realization of the French Revolution even if France was not. A strong middle class. Education. Religious freedom. Free speech.

SABIAN BLACKROCK

Trump is bringing all of that to an end even while he pretends he is the savior protector for all that and more. Such a deceiver.

JOESION GRANT

Maybe he has you fooled. Maybe he is working to build up the middle class. Maybe he does support free speech. Religious freedom. Maybe you are the one who has been deceived.

SABIAN BLACKROCK

We will see.

JOESION GRANT

Didn't Biden win the last election? Or was my news from earth wrong? I hear Trump is already in the process of moving his family to Florida.

SABIAN BLACKROCK

Perhaps his greatest deceit will have been to make Biden President. Then again, maybe Trump will not leave office. It is a mystery of sorts, isn't it. Maybe he will only pretend to leave office.

JOESION GRANT

But you have the mystery solved, don't you. You son of a bitch. You monster. You bastard who has my Napoleon in a cage.

SABIAN BLACKROCK

I was there helping to nail Jesus Christ to the cross and yet you hate me most for what I did to Napoleon. That you should love Napoleon even more than Christ has always puzzled me.

JOESION GRANT

There are so many reasons to hate you. Sorry if I sometimes forget an item on the list, but thanks for reminding me.

SABIAN BLACKROCK

Do you think Jesus was the son of God or as some Jews believe, the son of Satan? I have never been too sure of your religious perspective.

JOESION GRANT

He was the son of Mary.

SABIAN BLACKROCK

Was it God or Satan who spawned the supernatural creature inside of her?

JOESION GRANT

He was the son of Mary. If that does not answer your question then you are truly ignorant of the God Complex.

SABIAN BLACKROCK

I am afraid I am ignorant in that matter. Don't some people believe that Jesus is both the son of God and God. That has always confused me.

JOESION GRANT

The day I try to convert Sabian Blackrock to believe anything is the day I will give up and just fall into the great sleep. For I'd rather die the true death than teach you anything.

SABIAN BLACKROCK

You mean fall into the great sleep like Amelia.

JOESION GRANT

Shut up.

SABIAN BLACKROCK

Oh that is right. Amelia was your teacher. It is good that the main thing she taught you is how to just give up.

Joesion Grant waves his hands around in anger. He screams. And the cell becomes engulfed in flames.

JOESION GRANT

I wish you to feel the eternal fires of hell. Suffer you son of a bitch. Suffer.

Sabian burns and screams in horror.

INT. MOVING FROM BURINING PRISON CELL, THROUGH HALLS, AND TO OFFICE - VOID

Fast camera action, passing people dressed in space/guard uniforms. Fast hall turns. Stop at wooden office door. Name on wooden door: Josh Malokey.

INT. JOSH MALOKEY'S OFFICE INSIDE PRISON ON PLANET MALOKEY -  
VOID

JOSH MALOKEY is seated in an old style wooden desk chair. No fabric. No cushion. The desk and chair are a light wooden color. Focus, Video Screen. MADISON GRANT is on the Video Screen.

JOSH MALOKEY

Madison, you know if my sister finds out what we have done, she is going to want to deep fry both of us and let Cronus himself eat us.

MADISON GRANT

Oh please. Alice probably secretly wants this. She is just afraid to order it.

Josh Malokey splits a screen that shows the burning cell where Sabian and Joesion are.

JOSH MALOKEY

Do you see what your father is doing to Sabian? And you still think putting them in the same cell was a good idea?

MADISON GRANT

We are in danger of the radical Jews and their end of the world bullshit undoing everything that Napoleon accomplished. Hell they have even renamed assimilation into cultural appropriation with their agenda to tear America apart. We need Napoleon back. We need him back like yesterday.

JOSH MALOKEY

And even if you could get him uncaged, what do you think your precious Napoleon could accomplish?

MADISON GRANT

Well for starters, just uncaging him, would cause the Jewish Oligarchs to piss in their pants.

JOSH MALOKEY

Okay. Say you free him and you are able to incarnate him. That is twenty years before he would come of age where he might accomplish anything. And even then, where would you position him. In what country would you have him to be born?

MADISON GRANT

I don't know. Fuck. I don't know. I just know we have got to do something. We thought Trump might be the solution but hell, he has just made matters worse. We need Napoleon.

JOSH MALOKEY

Okay. Say Napoleon is the answer to your prayers, which I doubt. How on earth do you think your father can make Sabian tell him where he has Napoleon's cage hidden. Your father has Sabian on fire right now. He is on fucking fire and feeling all that pain. And I don't see Sabian trying to make a deal with your father.

MADISON GRANT

Father will figure something out.

JOSH MALOKEY

Well. I've got to put the fire out.

The fire in the prison cell vanishes. Sabian collapses to the floor.

JOSH MALOKEY

So when is our date.

MADISON GRANT

When you come to earth to visit your sister.

JOSH MALOKEY

Oh please. I love my sister but I fucking hate earth. You come to Malokey. I will allow you to visit your father.

MADISON GRANT

If I were to be caught visiting my father, the Witches Council will fire me. But a secure video call would be nice.

JOSH MALOKEY

Even though the Witches Council does not have access to the secure conference and video calls like we are having now, my family can see them. They would have a fit if I were to put you on a call with your father.

MADISON GRANT

And what we are doing now. How do they feel about our calls together?

JOSH MALOKEY

They don't like that I have feelings for you. They say they don't trust you and that I should not either.

MADISON GRANT

And Alice.

JOSH MALOKEY

My sister likes you but she does not fully trust you.

MADISON GRANT

She does trust me. She knows that I want my father and Napoleon freed. I have nothing over on her. Even though I lied about my feelings for the benefit of the Witches Council, she has always known that I would move heaven and earth for my father.

JOSH MALOKEY

I guess she knows. And she knows your father would move heaven itself for earth if he could. He loves earth. I will never understand that. I will never understand my sister loving earth.

MADISON GRANT

You should come to earth for our date. We will have fun. You might learn to love earth.

JOSH MALOKEY

God help me, that I have come to love you has been enough of my downfall. That if I were to come to love earth, I would truly become doomed like earth itself.

MADISON GRANT

Please don't say earth is doomed. Please don't say that. I've got to have hope. I need hope. God help me. I need hope. And I need you. My love for you is not a lie. It is not a game. I may use our love, but I do love you. Please know that.

JOSH MALOKEY

I know that. And I love you. But I will never love earth. I will not allow earth to do to me what it did to Amelia. I will not allow earth to do to me what it did to your father. And I wish I could convince you to save yourself from earth. Come here. Be with me.

MADISON GRANT

I have work here I must do.

The video screen goes blank.

INT. BARRY WHITEHEAD'S APARTMENT, BEDROOM, IN WHITEHEAD REALM - VOID

The bedroom is large with a queen sized bed. The bed's antique headboard is against a black and white marble wall and with large picture windows on each side of the bed. Outside the picture windows is an unkept wild garden with birds and a couple of deer.

BARRY WHITEHEAD strips naked. He goes to a large desk where there is a laptop computer. He unplugs the computer from being charged and takes it to his bed. He crawls into the bed and rest his back against a pillow leaning against the headboard. He looks at pictures of Kingston Bare on the computer.

BARRY WHITEHEAD

(putting his finger to  
one of the pictures)

Kingston, I miss you. I did not mind death so much when I thought I would be back with you.

WOLF WHITEHEAD pops into the bedroom. He is dressed as though he were a knight in the middle ages. He pulls his headgear off so as to reveal who he is.

BARRY WHITEHEAD

Wolf, why are you dressed like a knight.

WOLF WHITEHEAD

Long story. Never mind. Rock Bare is about to pass. We need to go greet him.

BARRY WHITEHEAD

Other than the angels, non of you all came to greet me.

WOLF WHITEHEAD

Oh. Please. You did not want us to greet you. You never need us but Rock does.

BARRY WHITEHEAD

Why does Rock need us?

WOLF WHITEHEAD

Well. He needs you. He expects you and Kingston to greet him. And Kingston will not be there.

BARRY WHITEHEAD

Rock Bare disowned Kingston. He disowned his own son.

WOLF WHITEHEAD

In his dying vision he is seeing those who have gathered in his hospital room but he is not seeing you. He is not seeing Kingston. He is calling for the two of you.

BARRY WHITEHEAD

I am not going to greet him.

Wolf snaps his fingers and suddenly Barry is dressed in jeans and a sweat shirt. Wolf's Knight Armour vanishes and he is also dressed in jeans and a sweat shirt.

BARRY WHITEHEAD

You just dressed me. You dressed me in the same outfit you are wearing.

WOLF WHITEHEAD

You are going to greet Rock. He needs you to greet him.

GRADY WHITEHEAD appears in the room. He is dressed in a black suit with a red flower in his lapel.

GRADY WHITEHEAD

What the hell is keeping the two of you?

WOLF WHITEHEAD

Barry is refusing to come with me.

BARRY WHITEHEAD

I am not going to greet that biggoted, homophobic, hillbilly. That is not happening.

GRADY WHITEHEAD

Well, your last life made you a total asshole didn't it. You are coming to greet Kingston's father. I don't give a fuck what you say.

Grady Whitehead snaps his fingers. The three of them vanish.

INT. HOSPITAL ROOM AT THE HEARTHVILLE HOSPITAL - DAY

HOLLICE BARE is holding the hand of ROCK BARE.

ROCK BARE

I see Barry now. But I don't see  
Kingston. Where is Kingston?

Rock Bare releases Hollice Bare's hand.

BARRY WHITEHEAD steps up next to Hollice.

BARRY WHITEHEAD

After Kingston died, Sabian  
Blackrock caged him.

ROCK BARE

Why did Sabian cage Kingston?

BARRY WHITEHEAD

I do not know.

HOLLICE BARE

Did I hear you right. Sabian  
Blackrock caged Kingston.

ROCK BARE

That is what Barry just told me.

HOLLICE BARE

Son of a bitch. I will be having  
words with the Witches Council.

ROCK BARE

Is Sabian going to cage me?

BARRY WHITEHEAD

Enough of us from the Whitehead  
Realm are here. We will protect  
you. We will bring you safely  
home.

ROCK BARE

You forgive me.

BARRY WHITEHEAD

Like I have any choice. Of course  
I forgive you. My grandfather  
would have my hide if I did not  
forgive you.

GRADY WHITEHEAD steps up next to his grandson.

GRADY WHITEHEAD

You know he has that right. We  
were not that close in this last  
life, you rich son of a bitch who  
would not give me a dime, but you  
know I love you.

ROCK BARE

(smiles)

I guess I was not a very nice person in this life. I am sorry.

GRADY WHITEHEAD

Never you mind that. I have me some moonshine and a fishing spot all picked out for you and me.

BARRY WHITEHEAD

And I will be there with the two of you?

ROCK BARE

Yeah. And asking me to hook your worm. Queer.

BARRY WHITEHEAD

(laughs)

Homophobic piece of shit. But we will have some good times. And Kingston will be back with us. We will find the cage and free him.

ROCK BARE

To God's ear.

DOCTOR WINFREY enters the room.

DOCTOR WINFREY

Well. I have some good news. Rock is responding to the herbs that Leroy insisted I give him when he visited yesterday. I think Rock is going to pull through.

ROCK BARE

Barry, do you know Leroy.

BARRY WHITEHEAD

I heard Kingston mention him but we never met. Is he a member of the Whitehead Realm?

GRADY WHITEHEAD

Yes. But he is also a member of other realms.

ROCK BARE

Yeah, Leroy likes us Hillbilly trash but he has dined in some of the Royal Realms.

BARRY WHITEHEAD

Kingston is not hillbilly trash.

ROCK BARE

No. Of course not. I should have been more proud to have him as a son. And you as my daughter-in-law.

BARRY WHITEHEAD

I am the man.

ROCK BARE

Sure you are.  
(rolls his eyes)

DOCTOR WINFREY

I guess it is the herbs that are causing him to talk to himself. We may need to run some test.

ROCK BARE

You do not need to run any damn test. I am not crazy. I've just come back from dying and I am talking to Grady, and Barry Whitehead who are dead. Wolf is also standing with them.

HOLLICE BARE

Yo, Wolf. I can't see you but it is nice to know you have not been caged.

Wolf appears where the even the doctor can see him. The doctor's eyes become wide open in fright.

WOLF WHITEHEAD

No, but they will not let me be reborn. Apparently I need a time out. A soldier blows up 100 people and he is a hero. I blow up 100 people trying to kill a crazy witch and apparently I am a criminal.

HOLLICE BARE

(laughs)

There were some good people killed that day. Lives ruined. Don't you understand why that was wrong.

WOLF WHITEHEAD

Hey, I've read their records. I've looked at their past lives. The machine, Karma, killed those globalist, communist, assholes. I just built the bomb.

DOCTOR WINFREY

Am I dreaming? This has to be a dream. A nightmare.

WOLF WHITEHEAD

Listen to him. Oh my God. Look.  
The doctor has pissed his pants.  
(points)

ROCK BARE

Do not pick on the doctor. He and  
Leroy saved my life.

WOLF WHITEHEAD

Well. I kind of wish you had died.  
You and me sitting on the river  
bank, our fishing poles in the  
water, smoking us dope, drinking us  
some shine, and talking about all  
the fine pussy and cock we never  
got but dreamed about.

Rock Bare pulls his bible off the bedstand. He holds it  
close to his chest.

ROCK BARE

Honest. Barry. He has me confused  
with someone else. I've never had a  
gay thought in my life.

WOLF WHITEHEAD

Yeah. You have me confused with  
someone who does not know the real  
you. And man. I love the real you.  
So stop being all hypocrite and  
shit. Back in the day, you and I  
chased our share of women and  
dudes. You are just lucky your cock  
had not fell off by the time you  
met your Matilda.

MATILDA BARE steps forward and appears from the ghostly  
shadows where everyone, including the doctor, can see her.  
She is wearing a shocking pink floral dress. She is wearing  
a straw hat. She wearing yellow flip flops. Her toe nails  
are painted red, white, and blue. Focus on her feet and  
then focus on her hands. Her finger nails are also painted  
red, white, and blue. She is kind of over weight. She is  
smoking a pipe and holding a jug of moonshine.

MATILDA BARE

Honey. I am sorry you've decided  
to live a bit longer. I guess I  
will have to fuck Wolf tonight.

Matilda grabs Wolf by the ear.

MATILDA BARE

Why have I never met you before.

Mailda and Wolf vanish from the hospital room. Barry smiles  
as he steps forward from the ghostly shadows where everyone  
can see him.

BARRY WHITEHEAD

I am sorry that Kingston and I did not visit you more often. I think we might would have been friends.

ROCK BARE

It was mostly my fault. It is true I had my wild days but I did settle down. And I fell in love with Matilda. I hoped Kingston would find himself a woman. And I would have grandchildren. I am sorry.

BARRY WHITEHEAD

Accepted.

ROCK BARE

Get Kingston out of that damn cage.

BARRY WHITEHEAD

We are going to do our best.

HOLLICE BARE

Well. I am going to have more than a few words with Alice Malokey and the entire damn Witches Council if necessary. Allowing Sabian to cage Kingston is not acceptable. Kingston and I always had our issues, but he was always there when I needed him. And I hope I was always there when he needed me.

BARRY WHITEHEAD

You were. And thank you for going to whoever for us on the Witches Council. Maybe they can help us.

ROCK BARE

Yes.

(Takes Hollice's hand)

Thank you for being a good brother to me and for being a good Uncle to my son.

Wolf partially appears back in the hospital room with a befuddled look of desperation on his face. Matilda's hand with her red, white, and blue fingernails try to pull Wolf back.

WOLF WHITEHEAD

Matilda is a wild woman. Help me.

Wolf grabs Barry by the hand. Matilda pulls both Wolf and Barry back through the fabric between realms.
